

PINGPONG SAFETY INSTRUCTIONS MANUAL

INSTRUCTIONS FOR SAFE USE

To avoid malfunction or damage to your PingPong please observe the following:

- Do not expose it to water, moisture or place on a conductive surface whilst in operation.
- Do not expose it to heat from any source; the PingPong is designed for reliable operation at normal ambient room temperatures.
- Take care whilst handling to avoid mechanical or electrical damage to the printed circuit board and connectors.
- Avoid handling the printed circuit board while it is powered. Only handle by the edges to minimize the risk of electrostatic discharge damage.
- The PingPong is not designed to be powered from a USB port on other connected equipment, if this is attempted it may malfunction.

COMPLIANCE INFORMATION

The PingPong complies with the relevant provisions of the RoHS Directive for the European Union. In common with all Electrical and Electronic Equipment (EEE) the PingPong should not be disposed of as household waste. Alternative arrangements may apply in other jurisdictions.

ELECTROMAGNETIC COMPATIBILITY

- This product is in conformity with the protection requirements of EU Council Directive 1999/05/EC on the approximation of the laws of the Member States relating to electromagnetic compatibility.
- This product has been tested and found to comply with the limits for Class II Information Technology Equipment according to the European Standard.
